

NOTICE OF PROJECT PLANNING PUBLIC MEETING

The Shiawassee County Drain Commissioner will hold a public meeting on the proposed 2023 Clean Water State Revolving Fund Non- Source Project Plan project for the purpose of receiving comments from interested persons.

The meeting will be held at **5:00 p.m.** on **April 19, 2023** at the Office of Shiawassee Drain Commissioner's Office at 1024 N. Shiawassee St. Corunna, MI 48817.

The purpose of the proposed project is to secure low interest funding for non-point source water quality treatment improvements. The projects described in the project plan will help reduce amount of storm water, reduce storm water pollutants, reduce erosion, attenuate flow to drains by retaining, detaining, and infiltrating the storm water runoff. Fifteen projects within Shiawassee County are proposed to provide storm water quality improvement opportunities. The projects are located on the following drains: Caledonia Drain #077, Chipman Drain #091, Wait#2 Extension Drain #484, Maple Swamp & Branch Drain # 295, Loynes & Williams Drain #287, Huckleberry Drain # 231, Crawford Joint Drain #124, Porter Creek Drain # 375, Ridley Drain #394, Sawyer Joint Drain #407, Mikan Joint Drain #304, Sciota Township Drain #522, North State Drain #336, Coal Mine Drain #100, Yerkes Drain #511.

A project location map is available at: <https://www.shiawassee.net/Drain-Commissioner/>

Project construction involves streambank stabilizations, water quality improvements such as: culvert and drain optimization, sediment removal, native plantings, and sediment basin construction.

Impacts of the proposed projects include improving water quality with minor temporary construction impacts such as minor traffic impacts, minor lawn and pavement disturbance.

The projects will be funded by loans from Michigan's State Revolving Fund. The County projects have a combined estimated construction cost of ±\$19,245,000.00 which equates to up to \$2,000.00 annually per household for Chapter 4 Drains. Apportionments will be consistent with the requirements of the Drain Code of 1956.

Copies of the plan detailing the proposed project are available for inspection at the following location(s): Shiawassee Drain Commission, 1024 N. Shiawassee St. Corunna MI 48817

Written comments received before the meeting record is closed on (6:00 p.m. April 19th, 2023) will receive responses in the final project planning document. Written comments should be sent to: Hubbell, Roth, and Clark, Inc.
